REACH declaration: Gate Driver products containing articles with SVHC

Power Integrations is committed to meet all regulation (EC) No. 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), and Annex XIV and Annex XVII.

The Gate Driver products manufactured by Power Integrations' suppliers meet the definition of an article under the REACH regulation.

Power Integrations' suppliers state that no substances are released intentionally from these products, thus no registration obligations exist according to REACH article 7 (1).

Based on our knowledge and the information obtained from our suppliers, the products declared in table 2 might contain articles (semiconductors and transformer potting) and/or leaded soldering which exceed the threshold of 0.1% (w/w) concentration of the Substances of Very High Concern (247 SVHC, Candidate List published by ECHA in accordance with Article 59, see Table 1).

This information is not intended to substitute for any testing that may be required to determine the suitability of the products for any particular application.

Power Integrations makes no guarantee of results and assumes no obligation or liability whatsoever in connection with this information.

Sincerely,
